Conquer Training in Project Management

Training in Time Management

Training in Communication

Fermat Project – Coordinator and Tutor

September 2017 - November 2017

The Fermat project promotes voluntary tutoring in Mathematics, Physics, Chemistry and Information Technology for public school students. During the project Gabriel was coordinator and tutor of the IT front, teaching Python to high school students at GISNO Educational Center.

Tutouros Project - Tutor

April 2015 - July 2015

The project promotes tutoring classes in Mathematics, English and Portuguese for public school students. During his period in the initiative, Gabriel participated as a Mathematics tutor for elementary school students.

International Relations Club – Member and Academic Secretary

2015 - 2017

CRel participates in MUNs throughout the country and abroad, promoting the development of students' speaking and argumentation skills. During 2017 Gabriel was the Club's Academic Secretary, being responsible for the management and organization of the activities carried out by him. The previous year, he was selected to participate in HMUN 2017 as an official member of the school delegation.
