WORK EXPERIENCE

Projects Team Director

Octobit Junior, Ribeirão Preto - SP, Brasil — 2024-PRESENT

The Octobit junior company was created in 2023 with a bright future ahead of it given its potential. Since March 2024 I have been working as the leading project manager of the team.

Barista

Campus Carolo Café - C3 — 2023-2024

The C3 is a student managed and operated coffee place at TU Braunschweig. There I had the pleasure of being trained as a barista and of working with an amazing team.

Hilfskräfte (Auxiliary)

PLRI - TU Braunschweig — 2023-2024

During my time working for the institute I worked on the development of a full-stack application for horse hoof treatment assistance.

Hilfskräfte (Auxiliary)

BRICS - TU Braunschweig — 2023-2024

In the context of Bioinformatics research, I conducted the data processing and engineering to build networks from datasets, in order to assert conclusions from their analysis.

Software Engineer Intern

iFood, São Paulo - SP, Brasil — 2021 - 2023

Being part of the financial services tribe, I worked on developing, maintaining and integrating microservices for payment systems.

Trainee

Orc'estra, Brasília - DF, Brasil — 2018 - 2018

Gamification and Software Engineering Junior Enterprise at UnB (University of Brasilia).
